The Life of Man

Both Ish, Adam and Ishah, Eve were created directly from the hand of The Lord Jesus, The Christ as trichotomous beings with a Physical Body, a non-physical Soul and a non-physical Human Spirit. They were created to demonstrate to Satan, the Fallen Angels and the Elect Angels that the contention of Lucifer that the Righteousness of God and Justice of God did not consider the Love of God when he condemned Lucifer and his followers to the Lake of Fire. At the point of their creation The Lord Jesus, The Christ gave to each of them Biological Life for their biological body created from the materials on the earth, Soul Life to their format soul, and what the bible calls Everlasting Life or Endless Life to their Human Spirit. The Lord provided everything necessary for Ish and Ishah to life an UNENDING, or ENDLESS life on this earth in the Garden of Eden provided that they adhered to the prohibition to not engage in the Knowledge of Good and Evil. They were given the Tree of Lives to eat from in order that they would have immediate and constant APPRECIATION of what God had and continued to provide for them. They were created perfect and lived in perfect environment with perfect provisions from God and has absolutely no reason to know anything about Good and Evil the plan, policy and production of the Cosmic Dynasphere system of Satan to rule angelic creatures and, during this appeal of the Angelic Conflict trial, Human Beings on earth. When Ishah and then Ish rejected the prohibition of God by Ishah having been deceived by Lucifer and then Ish choosing her over the Plan of God they rejected EVERLASTING ENDLESS LIFE with God in the garden and this resulted in GOD deciding to provide for them and all subsequent human beings the OPPORTUNITY to regain the ability to Live with him and have a relationship with him. This provision came to man first in the promise of a potential for Salvation which is not a historical fact in our time including the promise of LIFE to live in ETERNITY with God.

Biological Life

Biological Life begins at conception where fertilization occurs from the joining of a single male gamete, the sperm cell with the female gamete, the ovum. IF (3rd class condition) this combination is viable and continues to develop (maybe it will and maybe it will not) it forms a blastocyst and then an embryo and finally a fetus, all part of the Biological Life of the Human Body. (See any Human Physiology textbook for a complete description of the process of gamete formation and fertilization)

Soul Life

Soul Life begins at the physical birth of every individual ever born into this world past. present or in the future. Soul Life depends on GOD at the point of physical birth imputing LIFE to the format Human Soul of the Fetus as it emerges during physical birth. God breathes into the fetus Soul Life and the fetus exhales with a fabulous scream demonstrating his possession of life from God (and probably his desire to not be removed from the warm comfortable mothers body).

Human Spirit Life

Human Spirit Life which is Life for living in Eternity, which the bible calls Eternal Life, is provided to the individual at the very moment of his making Salvation Adjustment to the Justice of God through expressed FAITH ALONE in The Lord Jesus, The Christ ALONE where 2 things must occur for this individual to be "saved" and able to live with God in eternity. God the Holy Spirit must restore or "regenerate" the Human Spirit lost by mankind during the failure of Ishah and Ish in the Garden of Eden which we know as Adam's Original Sin. God the Father must impute to this regenerated Human

Spirit, Human Spirit Life, Life for Eternal Living or Eternal Life, to enable this new believer to live with Him in Eternity. It is important to understand that at the very moment of Salvation Adjustment to the Justice of God through faith in Christ the new believer is COMPLETELY and TOTALLY ready and QUALIFIED to live with God in eternity and NOTHING can change this. In this dispensation of the Church Age, as a result of God the Holy Spirit, at the moment of Salvation, placing the believer into union with The Lord Jesus, The Christ under both retroactive and current positional truth, the new believers also SHARE the Life for Eternal Living or the Eternal Life of Christ as part of the Royal Family of God.

The Soul composition and compartments:

Mentality

The Thinking part of the soul

Memory Storage

Storage area for information derived from interaction in life

Vocabulary Storage

Storage for Information necessary to form and process thought

Categorical Storage

Organizational Storage of Information to be able to apply it

Frame of Reference

The Perspective of life developed from Information processed in the Mentality of the Soul

Norms and Standards

Evaluation System developed from Evil vs Grace orientation

Conscience

Responder to the Norms and Standards of the soul

Self Consciousness

Awareness of one's own existence

Volition

Decision Maker of the soul

Emotion

Appreciator of all things in life

Subconscious

Sub-compartment of the soul not directly interacting on the compartments of the soul but having the potential to influence the Mentality

The Old Sin Nature composition and compartments:

As part of the result of Ish and Ishah rejecting the prohibition of God and gaining an understanding of Good and Evil the genetic structure of their Human Body Biological Life was corrupted forming the Sin Nature. This Genetic Old Sin Nature is found in every human being born into this world after the fall of Ishah and Ish when they became known as Adam and Eve. This results from the passing of corrupted genetic material during the process of conception during fertilization of the female gamete, the ovum, by the male gamete, the sperm. Their rejection of the Plan of God and accepting the Plan of Satan also resulted in the destruction of their Human Spirit so that they maintained their Biological Life and Soul Life but were then Spiritually Dead, no longer possessing the EVERLASTING LIFE of the Human Spirit and thus incapable of living with God or even having any kind of relationship with God. The Genetic Corruption is passed down through the generations from Adam and Eve to all humans through the MALE gamete which when it is formed produces 4 Sperm cells from every single primary gamete cell. The Female system of producing the Female Gamete the Ovum results in 1 cell being produced from every primary Gamete cell and the discarding of 3 sets of corrupted genetic material as polar bodies resulting in 1 perfect cell devoid of the corrupted genetic material of the Old Sin Nature. (See any Human Physiology textbook for a complete description of the process of gamete formation)

Area of Weakness

Manufactures Temptation to produce Sin.

Trends toward Lasciviousness or Lawlessness

Begins with motivation from the *Lust Pattern* of the Old Sin Nature resulting in the development of Mental Attitude Arrogance which produces Mental Attitude Sins. (1John 2:15-18)

Trends toward Legalism

Begins again with motivation from the *Lust Pattern* of the Old Sin Nature resulting in Self Righteous Arrogance which produces Self Righteousness, during success periods, and Self Pity, during adversity periods, resulting in greater Mental Attitude Sins and Verbal Sins and often overt sins as well.

Area of Strength

Manufactures Temptation to produce Human Good

Trends toward Lasciviousness or Lawlessness

Engages in Human Good production of accepting the degeneration of such things as socialism or homosexuality under the concept of EQUALITY for all in total violation of the principles of the Laws of Divine Establishment and Divine Institutions.

Trends toward Legalism

Engages in or attempts compensation for one's failures to assuage the Guilt Complex formed from failures by engaging in some form of reconciliation or penance for these failures.

Lust Patterns

Produces the Motivation to function under the influence of Evil in the Plan of Satan when the Old Sin Nature gains control of the soul.

Mental Attitude, Verbal and Overt Sins originate from motivation by the lust pattern of the Old Sin Nature producing some level of **Arrogance** in the soul where the Old Sin Nature's area of weakness produces the temptations to SIN and where the volition of the individual's soul agrees to produce these Sins.

Human Good originates from motivation by the lust patterns of the Old Sin Nature producing some level of **Arrogance** where the area of strength produces the temptation to attempt to correct all human problems or cause all those in one's periphery to conform to some system of morality or ethics under legalism.

Effects of Bible Doctrine on the Soul

Mentality

Results in the development of Divine Viewpoint thinking

Memory Storage

Allows for accumulation and storage of maximum Metabolized Bible Doctrine

Vocabulary Storage

Allows for the accumulation and storage of technical terminology for the clear understanding of principles and facts of Bible Doctrine.

Categorical Storage

Allows for the Metabolized Bible Doctrine in the Memory Storage along with the technical vocabulary from the Vocabulary Storage to be sifted and organized into groups of similar principles and facts to facilitate RECALL for application in life.

This accumulation of maximum Metabolized Bible Doctrine results in a Relaxed Mental Attitude toward other people, with the Inner Happiness of Sharing the Happiness of God and stability in life. There is therefore consistent advance in the Spiritual Life. In addition the development of (gr) Agapao love or Capacity for Mental Attitude Love for God and Christ from maximum Metabolized Bible Doctrine occurs. Along with this TRUE love for others especially family also results. Therefore, with Divine Viewpoint Thinking in life there is readiness to engage in effective worship including spiritual giving.

Frame of Reference

The proper Perspective of Life is produced from Divine Viewpoint Thinking resulting from a maximum accumulation of Metabolized Bible Doctrine into the Right Lobe of the Stream of Consciousness of the Soul.

Norms and Standards

A proper Evaluation System also developed maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul and Grace orientation.

Conscience

Forms as an effective responder to the Divine Norms and Standards and Divine Frame of Reference providing guidance in motivations, decisions and actions in life. The conscience is not deceived by Self Righteousness, legalism or hypocrisy in others and functions under divine standards for all systems of true worship including spiritual giving, which are established from maximum Metabolized Bible Doctrine.

Self Consciousness

The area of the soul where Self Awareness without egotism exists, where with maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul there is developed Total Awareness of God with maximum Personal Love for God as Occupation with the Person of The Lord Jesus, The Christ. There is awareness of the Will of God, Plan of God and Grace of God and awareness of one's place in the Plan of God. (**Heb 12:2**) This is the area for projecting Poise in all situations and conditions in life and where orientation to the wisdom of older people especially family develops. It is the place for a Relaxed Mental Attitude and relaxed personality around other people

Volition

The decisions made under the influence of Bible Doctrine are compatible with and for accomplishing the Will of God in the Plan of God. These decisions are made on the basis of pleasing the Lord and reflect a total rapport love of (gr) Phileo for Him. There are decisions made to give affection to others especially in one's family. From the Development and Deployment of the 10 Problem Solving Devices onto the Forward Line of Troops of the soul there is readiness to engage in worship including spiritual giving as a result of proper Mental Attitude from maximum Metabolized Bible Doctrine.

Emotion

Develops an appreciation for who and what God and Christ are, for His word, His plan, His policy, His Grace and His purpose for believers expressed in many categories of worship as a result of maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. This results in development of the proper perspective and appreciation of the details of life as being provided by and therefore less important than the Source, The Lord Jesus, The Christ. All Worship including Spiritual giving which results in an emotional response is only emotion directed toward GOD for his provisions under Grace. This also provides an appreciation of the wisdom of older family members and others in the Human Race for "Christian Fellowship". Most importantly there is the cultivation and development of a sense of humor, especially regarding SELF as part of the appreciation of people.

This is how the believer lives the Spiritual Life the Christian Way of Life, Phase II of the Plan of God.

Effects of EVIL on the Soul

Mentality

Results in exclusively Human Viewpoint or Cosmic Dynasphere thinking.

Memory Storage

Being devoid of any Absolute Truth from Bible Doctrine including the Laws of Divine Establishment and Divine Institutions only background Relative Truth information from experiences and education is stored.

Vocabulary Storage

Terminology and vocabulary only related to Relative Truth from Human Viewpoint concepts derived from Cosmic Dynasphere systems and Evil Principles are stored.

Categorical storage

Results in the sifting and placing of the Cosmic Dynasphere or Human Viewpoint doctrines or the Principles of Evil into compartmentalized groupings and uses these in application to life as pseudo problem solutions.

Being devoid of the Absolute Truths from Bible Doctrine the Old Sin Nature lust patterns influence the mentality to drive in some form of **Arrogance** resulting in Mental Attitude, Verbal and often Overt Sin. This results in the production of incredible Self Induced Misery especially from Mental Attitude Sins often to the point that God does not have to waste his time providing Divine Discipline to this believer since he is disciplining himself with his stupidity. These Mental Attitude Sins lead to cruelty and the production of greater Self Induced Misery which can overflow into the body to cause psychosomatic illness. There is developed a total lack of capacity for any category of love thus only pseudo love and pseudo spirituality can exist. Being filled with pseudo love as a result of no Absolute Truth from Bible Doctrine in the Human Spirit and no Bible Doctrine being moved into the Right Lobe of the Stream of Consciousness of the Soul there is development in the mentality of PLANS to gain attention from Flattery, Unusual Behavior Patterns, Self Pity and Overt Emotional Displays in order to get others to feel pity and give attention. Under the functions of Pseudo Love there is focus on being the LIFE of the party or the Flirt to get attention and produces an emphasis on setting up a system of flirting or patronizing people. An overactive Ego and the Mental Attitude **Arrogance** of pride builds self up in the individual's thinking so that there develops a complete lack of interest in anyone, even family, who do not meet the specific standards of lifestyle which have been established under pseudo spirituality.

Frame of Reference

Being derived from the principles of Evil under the Cosmic Dynaspheres and Human Viewpoint thinking it produces a false perspective on life with a false Scale of Values and results in total divorcement from reality.

Norms and Standards

Again, being derived from Cosmic Dynaspheres and Human Viewpoint principles under EVIL, including such things as Heathenism, Religion or Legalism in Christianity, reflecting the idea that the details of life can be the source of happiness, these Standards are petty, ridiculous, inconsequential and meaningless. They are very often established from some system of relative legalistic taboos in order to assuage the Self Induced Misery from the Mental Attitude Sins occurring in the Mentality of the soul. This can result in an OVERT behavior which

produces a Self Righteousness based on some system of morality which is then set up as pseudo spirituality.

Conscience

In responding to the Cosmic Dynasphere and Human Viewpoint Norms and Standards emphasis is placed on some system of OVERT morality TO THE EXCLUSION OF BIBLE DOCTRINE with a constant quenching or grieving of God the Holy Spirit based on the trends of the Old Sin Nature. When the Old Sin Nature trend is predominately toward asceticism or legalism there is production of Human Good which is the MOST DANGEROUS SITUATION. When the trend of the Old Sin Nature is predominately toward antinomianism or lasciviousness there is production of overt Sin.

Self consciousness

With a saturation of Egotistical **Arrogance** with a lack of poise there is the result of Self Righteousness from Self Righteous **Arrogance** along with Mental Attitude **Arrogance** of Pride when there is success, but when adversity or failure occurs the result is overwhelming Self Pity. This oscillation between pride and self pity results in total disorientation to life. There is the acute awareness of people and the resulting desire to have a large number of people around self, driven by the Old Sin Nature's Approbation Lust, the strongest of the lust patterns, producing a willingness to do almost anything for recognition. As a result of the emphasis on the accumulation of the details of life or the establishment of a superior standard of life from pseudo spirituality there is abject selfishness and a complete reluctance to engage in any form of giving. Therefore as a result of the saturation with the Arrogance of Personal Pride this becomes the source of pseudo happiness.

Volition

Decisions are made from Cosmic Dynasphere and Human Viewpoint thinking for functioning under Evil and accomplishing the Will of Satan in the Plan of Satan instead of the Will of God in the Plan of God and by this brings intensive Divine Discipline. A primary result of the avoidance or rejection of Bible Doctrine when it is presented is the engagement in religious or legalistic church "Programs" or functioning under relative "Taboos" as the Spiritual Life along with frequently feeling the need for rededication and reaffirmation of faith. When failure of any kind occurs the Volition locks in GUILT which is the primary motivation for activities like penance, public confession, humanitarianism, etc. The Decisions from Human Viewpoint and Cosmic Dynasphere thinking and Mental Attitude **Arrogance** and Self Righteous **Arrogance** produce Self Righteousness and Legalism and lead to pseudo motivational virtue ascribed to some form of pseudo spirituality. Being saturated with pseudo love, volition only makes decisions to patronize and flatter others and demonstrates a clear lack of interest in helping any who do not meet their self imposed proper standards. Thus the individuals primary decisions are specifically designed to gratify personal lusts for happiness so that decisions are constantly made to retaliate against others who offend.

Emotion

As a result of rejecting the Absolute Truths of Bible Doctrine, Emotion has nothing in the Right Lobe of the Stream of Consciousness of the Soul to appreciate therefore it REVOLTS against

the Right Lobe and takes control of the soul and begins to orient the believer to how HE FEELS about things, the details of life, instead of what he knows from Bible Doctrine. This is Emotional Revolt of the Soul where the emotions rule the soul and the Old Sin Nature controls the soul and the believer's Spiritual Life is destroyed resulting in depression, Divine Discipline along with incredible Self Induced Misery. Under the influence of Evil, Emotion is constantly fanned into ecstasies to provide that great feeling about self and to try to blot out every other influence in life. Emotional Revolt of the Soul is the believer's emotion ruling the mentality of the soul which is devoid of Bible Doctrine and results in this believer being self satisfied with his many systems of self styled Christianity. Emotion only develops an appreciation for and focus on the details of life to the exclusion of Bible Doctrine and the Plan of God and therefore seeks happiness in these things which is turned back into misery. This is having such "high" self imposed standards that there is a love for money, in fact for all the details of life, and not for people, Bible Doctrine or God. Under the influence of Pseudo Love, Emotion appreciates flattery and derives great stimulation from patting others on the head for what they say, do or how they look.

The Old Sin Nature Controlling the Soul

When there is consistent Negative Volition toward Bible Doctrine and the Plan of God the believer creates a vacuum in the soul because of a lack of Bible Doctrine filling the compartments of the Right Lobe of the Stream of Consciousness of the Soul. Into this vacuum every aspect of Evil is then drawn. This results in a loss of restraint on the Old Sin Nature which is no longer frustrated by the influence of Bible Doctrine and therefore is now able to function under the influence of Evil and moves in to control the soul and it oscillates between Sin and Human Good.

- Sins inevitably result in Guilt complex reactions
- This Guilt complex drives the production of Human Good in order to assuage the guilt
- This Human Good production becomes boring so there is reversion to other forms of sin

The involvement of the area of weakness producing any category of sin removes the believer from the Plan of God and out from under the Filling of God the Holy Spirit controlling the soul. With the Old Sin Nature in control of the soul the Emotion is freed from its subservience to the mentality and thinking of the soul where it is designed to appreciate the things of this life especially the Spiritual Life and thus it revolts against the soul and drives the individual to STOP thinking and address everything in life from an Emotional perspective considering only how things make one FEEL.

The Key to the Carnal Life is the Dynamic Equation of Failure:

Saturated Evil + Old Sin Nature Control of the Soul, Carnality == Human Good Production

This is the believer minus Bible Doctrine with instability in life and Self Induced Misery. There is an integration and interrelationship between all parts of the soul such that in the Mentality of soul where thinking occurs, this thinking is interrelated in the soul to Self consciousness. If one thinks in terms of accepting the temptation of the Old Sin Nature for Mental Attitude Sins then the self consciousness thinks self pity or pride so that the Mental Attitude Sins overflow into the other compartments of the soul. With Mental Attitude Sins then volition may be used to decide to retaliate or be vindictive or implacable, deciding to hurt the object of these Mental Attitude Sins. Emotion then cannot enjoy normal things in life because of the Mental Attitude Sins producing Self Induced Misery and permeating the soul and this is why people often try to drown their sorrows with

sublimation of one sort or another. Because of the Mental Attitude Sins in the Mentality of the soul, the Norms and Standards change to PERSONAL Norms and Standards rather than PRINCIPLED Norms and Standards causing a total distortion of the conscience and thus total disorientation to reality in life.

Filling of God the Holy Spirit controlling the Soul

Making Salvation Adjustment to the Justice of God by Faith alone in The Lord Jesus, The Christ alone or exercising the process of **1John 1:9**, the Rebound Procedure after Salvation when failure occurs, places the believer under the Filling of God the Holy Spirit and in the Plan of God, thus frustrating the Old Sin Nature. This allows the accumulation and use of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul under the Filling of God the Holy Spirit to prevent the attacks from the lust patterns of the Old Sin Nature from effecting the soul and thus overall frustrates the Old Sin Nature. Therefore, the Old Sin Nature is frustrated by the Rebound Procedure functions preventing the area of weakness from functioning for sin and the area of strength from producing Human Good while keeping the believer under the Filling of God the Holy Spirit and focused on Metabolized Bible Doctrine. In addition, the Old Sin Nature is frustrated by Retroactive Positional Truth where the believer being in union with Christ has positionally rejected all Human Good functions and makes personal correction for personal sin using the rebound procedure. Moreover, the Old Sin Nature is completely frustrated and unable to have its lust patterns influence the soul as a result of God the Holy Spirit controlling the soul.

The key to the Christian Life is the Dynamic Equation of the Spiritual Life

Metabolized Bible Doctrine + Filling of God the Holy Spirit == Divine Good production

This is

**Basic Orientation to
the Plan of God + Basic Righteousness == Divine Good Production**

This results in Stability in the Life and Inner Happiness as a result of Sharing the Happiness of God as an adult or mature believer.
